

Awards Received by CERH Members

Year	Member Name	Core	Award	Department
2006	Robert Chapkin	Nutrition	Sigma Xi Distinguished Scientist Award	Nutrition and Food Science
2006	Bani Mallick	Biostatistics and Community Health	2006 Distinguished Achievement Award – Research	Statistics
2005	Richard Finnell	Developmental Biology	Named Regents Professor	IBT Office of the Director
2005	Jon Hunter	Outreach Program	Thamann University Professorship in Undergraduate Teaching Excellence	Vet Physiology and Pharmacology
2005	Timothy Phillips	Chemical Biology	Bush Excellence Award for Research by Texas A&M University	Veterinary Integrative Biosciences
2005	Stephen Safe	Administrative, Chemical Biology	<ul style="list-style-type: none"> • 2004 JoAnn Treat Research Excellence Award by the Texas A&M Research Foundation. • 2005 Distinguished Achievement Award 	Vet Physiology & Pharmacology
2005	Thomas E. Spencer	Reproductive Biology	Sigma Xi Young Investigator Award	Department of Animal Science
2005	Soujin Wang	Biostatistics and Community Health	2005 Distinguished Achievement Award	Department of Statistics
2004	Fuller Bazer	Reproductive Biology	<ul style="list-style-type: none"> • Doctor of Science, honoris causa, University of Guelph • Society for the Study of Reproduction Carl Hartman Award • Texas A&M University Distinguished Professor 	Department of Animal Science College of Agriculture and Life Sciences Texas Agricultural Experiment Station
2004	Susan Golden	Chemical Biology	Named Foundation member, Kappa of Texas Chapter of Phi Beta Kappa	Department of Biology
2004	Mee Young Hong	Pilot Projects	SEBM Young Investigator Award from Society	Department of Animal Science
2004	Marcia Ory	Biostatistics and Community Health	Society for the Scientific Study of Sexuality Hugo G. Beigel Research Award	Social and Behavioral Health
2004	Thomas E. Spencer	Reproductive Biology	Society for the Study of Reproduction (SSR) New Investigator Award	Department of Animal Science
2003	Fuller Bazer	Reproductive Biology	<ul style="list-style-type: none"> • 2002-2003 Wolf Prize in Agriculture • Honorary Member, American College of Theriogenologists 	Department of Animal Science College of Agriculture and Life Sciences Texas Agricultural Experiment Station

Awards Received by CERH Members

Year	Member Name	Core	Award	Department
2003	Susan Golden	Chemical Biology	Promoted to Distinguished Professor, TAMU	Department of Biology
2003	Joanne R. Lupton	Nutrition	FDA Commissioner's Special Citation Award for outstanding efforts as a member of the Task Force on Consumer Health Information for Better Nutrition	Nutrition and Food Science
2003	Joanne R. Lupton	Nutrition	Dannon Mentorship Award for 2004 for outstanding mentorship in the development of successful nutritional research science investigators	Nutrition and Food Science
2003	Wallace L. McKeehan	Chemical Biology	Texas A&M Regents Professor	Biochemistry & Biophysics
2003	Marcia Ory	Biostatistics and Community Health	International Council on Active Aging Industry Innovator Award (for Active for Life)	Social and Behavioral Health
2003	Thomas E. Spencer	Reproductive Biology	American Society of Animal Science Young Animal Scientist Award-Research	Department of Animal Science
2003	Marina Vannucci	Biostatistics and Community Health	Mitchell Prize, International Society for Bayesian Analysis	Department of Statistics
2003	Coran Watanabe	Pilot Projects	Research Innovation Award	Department of Chemistry
2002	Fuller Bazer	Reproductive Biology	C.E. Byrd High School Hall of Fame, Shreveport, LA	Department of Animal Science College of Agriculture and Life Science Texas Agricultural Experiment Station
2001	Marina Vannucci	Biostatistics and Community Health	CAREER Award, National Science Foundation, 2001-2005	Department of Statistics
2000	Susan Golden	Chemical Biology	Named a Fellow, American Academy of Microbiology	Department of Biology
